

Mission and Values

UN-NYG Mentoring Programme

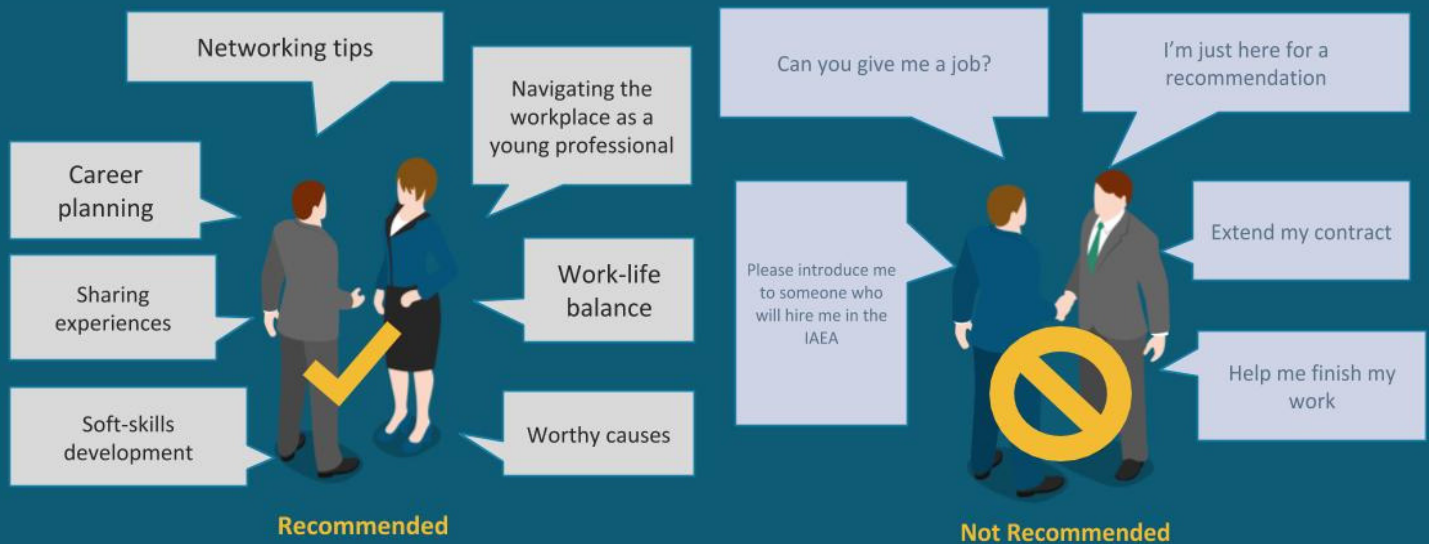

To serve as a platform for IAEA staff to strengthen their professional skills at the workplace and improve networking capacity through the cultivation of cross departmental and intergenerational relationships.

Programme Timeline / Commitments

The timeline includes monthly events during the structured programme (September - December 2018) and an independent programme (January - March 2019) which pairs are encouraged to meet on their own initiative. To facilitate the further development of each mentor-mentee relationship, we will provide an example syllabus which may be used as a guideline for the independent programme.

Conversation Guidelines

For any questions/further clarification, please contact the UN-NYG Mentoring Coordinator, Amelia Lee Zhi Yi (a.lee-zhi-yi@iaea.org)
